Crucible
(SVBL0300)

Summer variety with improved heat tolerance, head quality and yield potential compared to our current summer portfolio.

Features, Advantages, Benefits, Agronomics & Cropping Tips

FEATURES

// Matures between Ironman and SV1002BL
// High yield potential
// Good heat tolerance and improved field holding
// Dense firm heads with fine to medium bead size
// Improved hollow stem tolerance compared to Ironman

ADVANTAGES

// Increased yield potential compared to Ironman
// Less hollow stem compared to Ironman
// Improved head quality
// Efficient harvest compared to current summer market standards

BENEFITS

// Improved yield potential due to reduced hollow stem and increased head weight
// Improved harvest efficiency due to better uniformity
// Potential to minimise peaks and troughs due to improved field holding

AGRONOMICS & CROPPING TIPS

// Environment: Open field
// Season: Summer
// Geographical adaptation:
Primary markets: UK, Ireland, Netherlands, Germany and Nordics

Cropping calendars advised based on trial results
