## Visitor Safety, Behaviour & Hygiene Guidelines

---

# Welcome to the DEC

Dear Visitor,

Welcome to the De Ruiter Experience Centre! To ensure a safe and positive experience while maintaining the highest hygiene standards during your visit to our glasshouse, please carefully follow the guidelines below.

## General Safety Rules

- Smoking is permitted only in designated smoking areas outside the building.  

- The following raw fruits and vegetables are not allowed to be brought onto or consumed on our premises:
  - Tomato
  - Cucumber
  - Melon / Pumpkin
  - Aubergine / Eggplant
  - Paprika / Peppers
  - Courgette / Zucchini

## Phytosanitary Measures

We kindly ask you to observe the following measures:

- Please register in advance using the form or via our website.
- Ensure you have not visited another tomato glasshouse on the same day.
- Arrive showered and wearing clean clothes.
- Upon arrival, disinfect your hands with the sanitising product provided.

# Before Entering the Glasshouse

- Put on the white guest shoes and shoe covers provided.
- Change into the protective clothing supplied (suit, shoe covers, gloves, and hair net).
- Place your mobile device in the plastic bag provided and refrain from using it during your visit. 
- Disinfect your gloved hands with the sanitising product provided before entering the glasshouse.
- Please note: Groups may not exceed five persons (four visitors plus one guide).

## Inside the Glasshouse

- Enter only the even-numbered paths, which are marked with green letters.
- Assess the plants by sight only; please do not touch them.
- Dip your hands or gloves in the disinfection liquid provided after each path.
- Always follow the instructions of greenhouse staff. If you are unsure about any hygiene measure, please ask the Bayer professional accompanying you for guidance.

## When Returning to the DEC

- Discard your protective clothing in the designated area.

**If you have any questions or require assistance during your visit, please contact us
